Pieces of Different Puzzles

Lyrics and music by Clinton Hoy

Intro:
|Bsus2 | |Esus2(^{b}5) |E(no5) Esus2(^{b}5)|

Bsus2
Sitting gathering dust around the house
     Esus2(^{b}5)   E(no5)   Esus2(^{b}5)   E(no5)
Like furniture forgotten when somebody moved out
Bsus2
I'm not where I want to be
     Esus2(^{b}5)   E(no5)   Esus2(^{b}5)   E(no5)
A round trip to Jupiter seems closer to me

     C#m7   G#m7
Then one day
     Badd9/D#   Badd9/A#
I got myself together, said "OK"
     C#m7   G#m7
From this day

No matter what the weather
    Badd9/A#
I'm only looking up from now on

        B
Started picking up the pieces
   D#5aug
Of all the different puzzles
         Bsus4/C#
That got mixed up in their boxes
E
Lost through all the struggles
B
Picking up the pieces
        D#5aug   E   F#7
Put 'em all back together again

```
Bsus2
Take in the salty ocean breeze
     Esus2(ᵇ5)   E(no5)          Esus2(ᵇ5)   E(no5)
Feel I should be grateful in the sand on my knees
Bsus2
But instead I am lost
     Esus2(ᵇ5)   E(no5)          Esus2(ᵇ5)   E(no5)
Doing circle like an alien drawing patterns in the
crops

     C#m7       G#m7
Then one day
     Badd9/D#                  Badd9/A#
I got myself together, said "OK"
     C#m7       G#m7
From this day

No matter what the weather
    Badd9/A#
I'm only looking up from now on

        B
Started picking up the pieces
   D#5aug
Of all the different puzzles
        Bsus4/C#
That got mixed up in their boxes
E
Lost through all the struggles
B
Picking up the pieces
        D#5aug                E       F#7
Put 'em all back together again

          B/D#         F#/A#
It's been a long life
        E/G#
But the weather's getting better
     B/D#          F#/A#
It'll be alright
         E/G#             Badd9/A#
Now we've put ourselves back together
```
